Attributes

- 27" x 55" Durapon Coated Steel Doors
- 3/4 Horsepower Compressor
- Amperage: Auto Defrost 13
- R404A Refrigeration

Models Available

- Indoor
- Outdoor

Standard features:

- Water-tight lock-form seam construction for a stronger and more durable cabinet with all steel construction.
 - Premier quality construction with the straightest edges and minimal foam bleed.
 - 'Box Frame' constructed for optimal strength and increased resistance to freight damage.
- Hot-dipped galvanized top-coated steel door with premium fluorocarbon paint system.
- Low temperature sealed condensing units.
- Two-part acrylic polyurethane coating offers mid-range gloss and excellent weather ability. Epoxy primer formulated to have excellent adhesion and corrosion and humidity resistance.
- 0°F operating temperature.
- PVC bottom skid plates for non-marking of floor surfaces.
- Door openings feature high impact vinyl breaker strips to provide better impact resistance and greater durability to handle harsh conditions.
- Drain plug - recessed drain for easier and complete water draining.
- Easily accessible refrigeration service valves.
- Drop-down unit cooler allows ease of service.
- Electronic temperature controls.
- Pilaster style shelving, 8 shelves (4 per side)
 - 43"W x 28"D
 - 100 lb. capacity per shelf
