

VM40 & VM85 Ice Vending Machine Fee Explanation

Introduction

The Leer VM40 & VM85 Ice Vending Machines require two monthly fees - Vending Service and Payment & Credit Card Processing Fees.

Vending Service Fees

The Vending Service Fee covers the management of vending technology, remote portals, hosting, encryption, updates to software, and cellular signal.

The vending software company, VendNovation, charges a fee of \$25 per month, per machine. This charge will be collected by Leer Inc. and we will settle all open invoices on your behalf.

	Payment Structure
Vending Service Fee:	\$25 per month, per machine
